Forecast For East of England
Issued by Met Office Exeter
at 1600 on Monday 23 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear spells overnight, with mist and fog patches possible.

This Evening and Tonight:
Dry with clear spells developing for most parts overnigh, perhaps some fog patches developing. Northern coastal districts may see mist and low cloud arriving on the onshore breeze through the early hours of Tuesday. Minimum temperature 12 deg C (54 deg F).

Tuesday:
Rather cloudy start, especially coastal areas. Brightening up for many through the day, with some warm sunny spells developing, but still some cloud spreading inland. Light winds. Maximum temperature 24 deg C (75 deg F).

Outlook for Wednesday to Friday:
Settled but breezy at times, with some warm sunny spells by day, although perhaps more generally cloudy and damp Wednesday night into early Thursday. Temperatures falling a little below average.
